

REMARKS

Upon entry of the present paper, claim 12 will have been amended to clarify the claim language therein, with claims 1-46 standing allowed. Applicant submits that no new matter has been added to the amended claim. Rather, claim 12 has been amended to change "swingable holder" to ---swing arm portion--- to render this limitation consistent throughout the claims from which claim 12 depends.

Thus, the present amendment does not continue prosecution of the application but merely corrects clerical errors to claim 12. Further, the present amendment does not involve a substantial amount of work as only one claim is involved. Thus, entry of the amendment in accordance with the provisions of 37 C.F.R. § 1.312 is submitted to be appropriate.

Applicant further notes that this amendment is to be considered merely a clarifying amendment that is cosmetic in nature, and is not intended to narrow the scope of the claims. Accordingly, this amendment should not be considered a decision by Applicants to narrow the claims in any way.

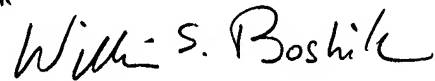

Accordingly, Applicant respectfully requests consideration and entry of the present amendment in accordance with the provisions of 37 C.F.R. § 1.312 and return of the present application to allowance. Such action is respectfully requested and is now believed to be appropriate and proper.
